Sharp Eyes on Crypto Markets

ABOUT

About CoinOsprey

CoinOsprey is a cryptocurrency-focused news and research platform covering digital assets, market developments, blockchain projects, exchanges and the broader crypto ecosystem.

The platform is designed to make fast-moving crypto information easier to understand by combining timely reporting, market information and research-oriented content in one place.

CoinOsprey focuses on clear presentation, useful context and accessible explanations so that readers can better understand what is happening across cryptocurrency markets.

FORMAT

Digital-first Platform

What We Cover

Crypto News

Timely coverage of important cryptocurrency and blockchain developments.

Crypto Markets

Market developments, price movements and relevant market information.

Exchanges

Updates involving cryptocurrency exchanges, trading platforms and related developments.

Blockchain & Web3

Blockchain networks, Web3 infrastructure and ecosystem developments.

Token & Project Updates

Developments involving crypto projects, tokens, listings, upgrades and ecosystem activity.

Industry Research

Research-oriented information covering trends across digital assets and blockchain technology.

01 Accuracy

We aim to present information clearly and accurately, using reliable sources and relevant supporting information whenever possible.

02 Clarity

Complex cryptocurrency and blockchain developments should be explained in language that readers can understand.

03 Context

News is more useful when readers understand why a development matters and how it relates to the wider market or ecosystem.

04 Transparency

We distinguish factual reporting, market information and analysis from promotional claims and communicate relevant limitations where appropriate.
